

MODEL 3680XP TRACK

35" Capacity Horizontal Grinder

The **most popular machine** in The Beast® lineup is also one of the **most popular reduction machines in the world**. With a 35-inch by 60-inch opening, the Model 3680XP is in a class all its own when it comes to production, fuel efficiency, durability, and producing a truly amazing range of end-products. Choose the **cuttermill** with either 60-tooth or 30-tooth configurations.

CREATE VALUABLE PRODUCTS

Equip your Model 3680XP with a variety of teeth and screens to meet your specific end product spec. The Beast can be set up to take your waste wood and convert it to a valuable product that customers will pay top dollar for! And as your needs change, so can The Beast. Configure everything from the infeed speed, mill configuration and screens to meet your spec.

PRODUCE MORE, PAY LESS

The Beast's cuttermill utilizes a unique cutterbody holder that regulates the size of the cut. The result is a more uniform product using less energy to process material. This results in savings in fuel, wear and tear, and most importantly – time – because you get the right size on the first pass.

Standard & Custom Colors Available

Choose from two standard colors, or select a custom color to match your fleet.

Bandit Yellow

Green

MAXIMUM UPTIME

The Model 3680XP is built to stand up to any daily grind. Solid steel welded construction and the industry's best components combine to create a machine professionals can trust to perform. And when you need parts or service, turn to our worldwide network of authorized dealers who are ready to offer their support.

COMMITTED TO QUALITY & PRODUCTIVITY

Since 1983, Bandit has manufactured equipment for a multitude of wood waste processing markets. The vision since the beginning, is to build quality, highly productive, easy to maintain equipment providing years of dependable service.

The commitment for quality, innovation and dedication is instilled in every employee and is one of the main reasons why Bandit became an Employee-Owned Company (ESOP) in 2018. These core values ensure each Bandit machine will leave the factory ready to exceed your expectations.

TOW-BEHIND UNIT

The model 3680 is also available as a towable unit featuring a tri-axle set-up with super single tires. This version is available with a C18 engine and can be ordered with a 3" pintle or fifth wheel hitch.
